MODELS
SKRCB50H
SKRCB60H
SKRCB79H
SKRCB84H

EXTERIOR Heavy-duty top, 300 series, 16 gauge stainless steel with 1/2" high marine edge to prevent spills. Stainless steel front and sides.

INTERIOR 300 series stainless steel floor. Aluminum sides and top. Coved corners and finished edges for ease of cleaning.

INSULATION Environmentally friendly polyurethane foamed-in-place insulation for maximum strength and durability.

DRAWERS Full extension drawers with drawer slides welded to 12-gauge stainless steel framework. This premier slide and framework construction promotes lateral stability while offering high dynamic load capacities and a stay-shut feature. All drawers accommodate 12" x 20" x 6" deep hotel pans and 6" deep fractional pans. Drawers lift out for cleaning.

CASTERS Models SKRCB50H and SKRCB60H have four casters and models SKRCB79H and SKRCB84H have six casters.

REFRIGERATION R134a hermetically sealed, high efficiency, self contained refrigeration system features automatic defrost and forced air circulation. Ultra-efficient system results in lower operating temperatures and high-energy savings. Adjustable temperature control and exterior mounted digital temperature indicator are standard features. Automatic condensate evaporator means no plumbing is required. Evaporator coil is coated to prevent corrosion and is rear mounted to provide even cooling throughout the cabinet. Condensing unit slides out the front of the unit for servicing.

ELECTRICAL Standard 115 volt, 60 hertz, single phase. 7-foot power cord with NEMA 5-15 plug.

LISTINGS ETL (US and Canada), NSF International

WARRANTY One-year parts and labor warranty on cabinet and refrigeration system. Five-year warranty on compressor and drawer slide assemblies.

OPTIONS 6" legs, 6" casters, 230 volt/50 hertz electrical
