* Exclusive of door handles.

** Remote version requires floor drain.

Optional lighted sign increases overall height to 83- 9/16".

Hussmann refrigerated merchandisers configured for sale for use in the United States meet or surpass the requirements of the DOE 2012 energy efficiency standards.

Plan Views

Advanced Design.

- Contemporary styling places maximum attention on merchandising.
- All HGM merchandisers have the same access panel design for commonality between merchandisers.
- White powder-coated exterior and interior finish.

Merchandising with Style.

- Polished silver door/frame standard.
- Interior LED lights.
- Each door section includes four adjustable cantilever-type shelves and a bottom rack.
- All shelves and racks have a white epoxy coated finish. Shelves may be slanted for special displays and are interchangeable in all models.
- Full use of the upright posts is available for positioning the shelves.
- Shelf bracket profiles have been slimmed down to better facilitate product merchandising under and across the shelves.

Smart Construction.

- Doors can be locked open for stocking.
- The HGM-1BS and HGM-2BS are equipped with 115 volt power cord (see diagram).
- The HGM-3BS requires field wiring to 115 volt service.

Innovative Refrigeration.

- Easy-to-read digital solar powered thermometer.
- Electronic temperature control ensures consistent product temperature.

Optional Accessories.

- Variety of exterior colors.
- Three-tier step rack, additional display shelves available.
- Price tag molding.
- Baskets, peg bar and hooks.
- Door guard, shelf product stops, and skirt and caster kits.
- LED lighted sign.
- Door locks.
- Leveler kit.
- Can dispensing rack.

NOTE: These merchandisers are designed for use in stores when temperature and humidity do not exceed 75°F and 55% R.H. Case is designed for holding pre-chilled product only.

NOTE: We reserve the right to change or revise specifications and product design in connection with any feature of our products. Such changes do not entitle the buyer to corresponding changes, improvements, additions, or replacements for equipment previously sold or shipped.
