Note: Case-to-case electrical connections are made in front of splashguard.

Superior Merchandising

The C5X provides large display capacity in a high performance convertible merchandiser. Ideal for any medium temperature product application. Optional lighted canopy signs add an attention getting merchandising dimension. Full view glass ends are optionally available to increase product visibility.

Lower Energy Costs

High efficiency coils are standard, and integrated night curtains are optionally available to further reduce energy costs.

Superior Shelf Life

Modular coils and off-time defrost work to reduce thermal shock and stabilize product temperatures, resulting in better freshness and longer shelf life.

Superior Reliability

Our five year modular coil warranty is the best available.

Note: These merchandisers are designed for use in stores when temperature and humidity do not exceed 75°F and 55% RH.

Note: We reserve the right to change or revise specifications and product design in connection with any feature of our products. Such changes do not entitle the buyer to corresponding changes, improvements, additions or replacements for equipment previously sold or shipped.

Note: Please use Hussmann's technical data sheets to get precise dimensions for all store layout purposes.
