"-D" Models with Rear Storage Doors

For easy "in and out" of tubs without disrupting service to customers. (Not applicable to DCSG-4)

Web Site: www.hussmann.com

Design

Contemporary new design complements the new ACCENT SERIES™ merchandisers. Maximum attention placed on product visibility by lowering the merchandiser front 2". Improved lid pivot design and lid gasketing.

Display

Interior canopy light provides added illumination of product display. Optional canholder trays have been designed to slightly slant towards the front of the merchandiser to improve product visibility and access for easier ice cream dipping.

Refrigeration

All models feature R404A CFC-free refrigerant. Rear air intake and discharge allow front and sides of merchandiser to be built into a fixed counter area. Merchandisers can be converted to rear air intake and front air discharge if required. Condensing unit access panel design facilitates maintenance and service. Improved access to temperature control and on/off power switch. Equipped with 115 volt, 15 amp power cord.

Warranty

Five years against insulation failure or leaks in insulated area. Five years against failure of compressor. One year against defective materials or faulty workmanship, including labor.

Optional Accessories
